2. Moved by Councillor Glenn

**Whereas** City Council has included “Help address food insecurity and sustainability” as one of its priorities within its 2023-2026 Strategic Plan; and

**Whereas** food insecurity has become more prevalent in lower and middle-class income housed populations which has triggered different program changes including the Municipal Fee Assistance Program; and

**Whereas** food banks and pantries, including the Queen’s University and St. Lawrence College food banks, have all identified a surge in demand, particularly in low to middle-class income households, over the last year and their inability to supply sufficient food and items to the community; and

**Whereas** the needs in the community and on post-secondary institutions are pressing, considering the end of the school semester in April 2024; and

**Whereas** the City of Kingston can leverage revenues, outside of property taxes, to support various programs such as Toys for Tickets;

**Therefore Be It Resolved That** staff implement a pilot project to establish “Fines for Food” month which would redirect parking revenues estimated at \$180,000 equally to free food banks and free food pantries only; and

**That** the 2024 operating budget be amended to reflect a reduction of \$180,000 in the transfer to the Parking Reserve Fund and a corresponding contribution to others; and

**That** Council direct staff to report back by the end of 2024 on the results of the pilot project and options to continue this program.
