Motions of Congratulations, Recognition, Sympathy, Condolences and Speedy Recovery

Motions of Congratulations, Recognition, Sympathy, Condolences and Speedy Recovery are presented in order of category as one group and voted on as one motion.

1. Moved by Councillor Hassan

Seconded by Councillor Chaves

That Kingston City Council extends its congratulations to all Kingstonians who will be observing Ramadan over the coming weeks. On March 10th at sundown the sighting of the new crescent moon signified the official first day of Ramadan, which is the most sacred month in Islamic culture. Families gather after sundown for iftar which is a traditional meal after a long day of fasting. Values of forgiveness, friendship, sacrifice, gratitude, and devotion are all encouraged during this blessed time. Ramadan is set to end on April 8th this year with joyous Eid celebrations to follow. To all celebrating, we wish you a joyous Ramadan filled with faith and reflection. Ramadan Mubarak!

Miscellaneous Business Items are voted on as one motion.

New Motions

1. Moved by Councillor Glenn

Seconded by Mayor Paterson

Whereas Canada is experiencing record population growth, having welcomed 1.25 million new Canadians last year alone; and

Whereas according to the Canada Mortgage and Housing Corporation (CMHC) we need to build at least 3.5 million additional homes by 2030, and municipalities need to build or expand the infrastructure to accommodate this growth; and

Whereas the Federation of Canadian Municipalities has estimated that the cost of the municipal infrastructure required to support housing development is, on average, in the range of \$107,000 per unit; and

Whereas according to Statistics Canada the cost of upgrading existing municipal infrastructure so that it is in a state of good repair is in the range of \$170 billion; and

Whereas non-residential construction price inflation has risen by 29% since the end of 2020 and municipalities are facing soaring costs for infrastructure project without a corresponding growth in revenue; and

Whereas unlike federal and provincial revenue, municipal tax revenue has not increased in recent years along with inflation, economic growth or population growth; and

Whereas municipalities are facing a gap in federal infrastructure funding as the 10-year Investing in Canada Infrastructure Program has come to an end, the Canada Community-Building Fund is being renegotiated, and the Permanent Public Transit Fund is set to start in 2026; and

Whereas the Canada Community-Building Fund (CCBF), which was formerly known as the Federal Gas Tax Fund, provides more than \$2 billion in annual capital funding directly to municipalities through a predictable allocation mechanism, and municipalities of all sizes use the CCBF to deliver direct results for Canadians by building and renewing critical core public infrastructure, including

water infrastructure, local roads, public transit and community, and cultural and recreational facilities;

Therefore Be It Resolved That Kingston City Council call on the federal government work with agreement signatories and municipalities to maintain the CCBF as a source of direct, predictable, long-term funding for local infrastructure priorities; and

That the City of Kingston calls on the federal government to commit, in Budget 2024, to the next generation of infrastructure programs, including a new program for water and wastewater infrastructure and an increase to the Disaster Mitigation and Adaptation Fund; and

That the City of Kingston calls on the federal government to convene the provinces, territories and municipalities to negotiate a “Municipal Growth Framework” to modernize the way that municipalities are funded in order to enable Canada’s long-term growth; and

That a copy of this motion be sent to the Prime Minister of Canada, the Premier of Ontario, the Party Leaders of the other Parties in the Federal and Provincial governments, the local and area MPs and MPPs, the Federation of Canadian Municipalities and the Association of Municipalities of Ontario.

2. Moved by Deputy Mayor Stephen

Seconded by Councillor Osanic

Whereas natural gas is methane gas, which is a fossil fuel that causes approximately one-third of Ontario's greenhouse gas (GHG) emissions and must be phased out because it is inconsistent with all climate targets; and

Whereas heat pumps are a more efficient way to heat homes, result in the lower GHG emissions and are consistent with a zero-carbon future; and

Whereas effective 2025 the Ontario Energy Board (OEB) decided to end a subsidy for methane gas pipelines to be built in new construction developments; and

Whereas the OEB decision will help lower energy bills for existing gas customers, improve affordability for new homebuyers, and encourage heating systems that are consistent with climate targets; and

Whereas the OEB decision is at risk of being overturned by the provincial government; and

Whereas the construction of new methane gas pipelines should not be subsidized because they are inconsistent with the City's climate targets and will result in higher carbon emissions, higher energy bills, higher future decarbonization retrofit costs to get off fossil fuel heating, and a continued financial drain as dollars leave the province to pay for fossil fuels extracted in other jurisdictions; and

Whereas Kingston City Council declared a climate emergency on March 5, 2019 and is actively working to support the decarbonization of heating and cooling systems in existing and future building stock within the community;

Therefore Be It Resolved That the City of Kingston express its support for the decision of the Ontario Energy Board to end the gas pipeline subsidy and requests that the Ontario Government allow the decision to stand; and

That a copy of this motion be sent to the Honourable Doug Ford, M.P.P. Premier of Ontario, the Honourable Todd Smith M.P.P. Minister of Energy, the Honourable Peter Bethlenflavy, M.P.P. Minister of Finance, and the Association of Municipalities of Ontario.
