a) Williamsville Transportation Study Conclusions

The Report of the Commissioner of Infrastructure, Transportation & Emergency Services (EITP-24-018) is attached.

Schedule Pages 1 – 307

Recommendation:

That the Environment, Infrastructure and Transportation Policies Committee recommend to Council on June 4, 2024:

That the conclusions of the Williamsville Transportation Study presented in Report Number EITP-24-018 be adopted by Council; and

That the preferred concept for Princess Street that prioritizes cycle tracks and pedestrian infrastructure, identified as Alternative 2B in Report Number EITP-24-018, be incorporated into the detailed design and reconstruction of Princess Street as part of future capital projects and redevelopment opportunities; and

That the identified neighbourhood cycling network and facilities, as identified in Exhibit A and Exhibit G in Report Number EITP-24-018, be incorporated into future capital projects and development opportunities planned for identified streets; and

That the green street principles and concepts, as identified in Exhibit A in Report Number EITP-24-018, be established as options that can be integrated into neighbourhood streets slated for reconstruction in approved and future capital budgets; and

That Council direct staff to develop plans for operations, maintenance, enforcement, and other ongoing actions to support new infrastructure on Princess Street, the neighbourhood cycling network, and local streets where green street elements are added to be incorporated into future capital and operating budgets.
