

PROCLAMATION

October is PLANTIFUL

October 2024

Whereas the City of Kingston has declared a Climate Emergency and is actively supporting environmentally friendly initiatives; and

Whereas the City and its citizens must find more ways to reduce greenhouse gas emissions through changing daily habits; and

Whereas it is generally accepted that human diets that contain more plant-based foods are healthier for people and better for the planet and other animal life; and

Whereas October is a month of bountiful harvest by Ontario and local Kingston farmers; and

Whereas a committee of environmental volunteers with 350Kingston is working with partners to share knowledge on how to enhance diets with more plant-based foods.

Therefore, I, Mayor Bryan Paterson, on behalf of Kingston City Council, hereby proclaim the month of October 2024 to be "October is PLANTIFUL" in the City of Kingston.

Dated at Kingston this 4th day of September, 2024.

Bryan Paterson
Mayor
